

Animal Diets Sorting

To identify, name and sort animals that are herbivores, carnivores and omnivores.

Use the **Animal Fact Cards** to find out what each animal eats.

Carnivores	Herbivores	Omnivores

horse	frog	newt	house sparrow
koi	crocodile	snake	chimpanzee
swan	cat	blue tang	human
bearded dragon	barn owl	ostrich	giraffe
brown bear	tortoise		

Animal Diets Sorting Answers

Use the **Animal Fact Cards** to find out what each animal eats.

Carnivores	Herbivores	Omnivores
frog	horse	koi
newt	blue tang	chimpanzee
crocodile	giraffe	swan
snake	tortoise	bearded dragon
cat		human
Barn owl		ostrich
		brown bear
		house sparrow

Animal Diets Sorting

To identify, name and sort animals that are herbivores, carnivores and omnivores.

Use the **Animal Fact Files** and **Animals All Around eBook** to find out what each animal eats.

Carnivores	Herbivores	Omnivores

horse	frog	newt	house sparrow
koi	crocodile	snake	chimpanzee
swan	cat	blue tang	human
bearded dragon	barn owl	ostrich	giraffe
brown bear	tortoise		

Write about how the animals' diets are the same and different.

Carnivores

Same	Different

Herbivores

Same	Different

Omnivores

Same	Different

Animal Diets Sorting Answers

Use the **Animal Fact Files** and **Animals All Around eBook** to find out what each animal eats.

Carnivores	Herbivores	Omnivores
frog	horse	koi
newt	blue tang	chimpanzee
crocodile	giraffe	swan
snake	tortoise	bearded dragon
cat		human
Barn owl		ostrich
		brown bear
		house sparrow

Answers may vary.

Carnivores

Same	Different
Example: Cats, barn owls and snakes each eat mice and voles.	Example: Even though they both eat some of the same animals, cats have teeth but barn owls have beaks.

Herbivores

Same	Different
Example: Horses and giraffes are both mammals and both eat grass.	Example: Blue tang are fish and eat water plants but all the other animals eat plants found on land.

Omnivores

Same	Different
Example: Chimpanzees, ostriches and bearded dragons all eat insects.	Example: Even though they all eat insects, chimpanzees, ostriches and bearded dragons all belong to different animal groups (mammals, birds and reptiles).
