

L.O. I can research and understand the human geographical features of Italy.

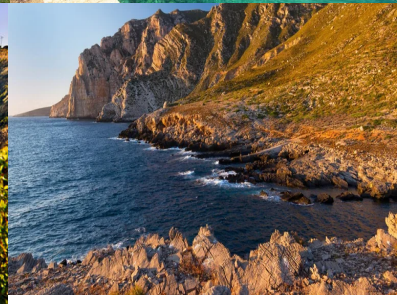

Recap...

What do we mean by physical Geography?

Physical Geography is the area of Geography that deals with natural features that occur and exist due to nature and not because of any human interaction.

Can you think of any examples?

What are the similarities and differences between these images of the physical geography of Italy and our own country?

What is human geography?

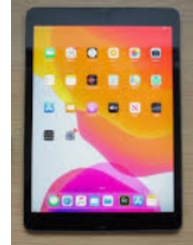

Human geographical features are things like houses, roads and bridges that have been built by people.

Can you think of any examples?

Research task...

We are researching some different human features of Italy.

You must use the iPads to gather as much information as you can on each category.

The features are:

Housing, Transport, Tourism, Architecture

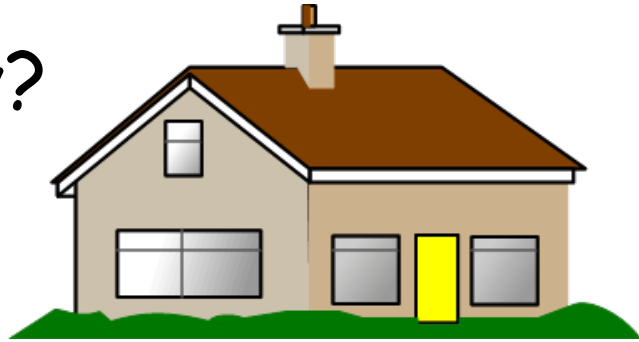

Use this website to do your research NOT google.

 <https://www.kidzsearch.com/>

Complete the research sheet as you find out more about each feature.

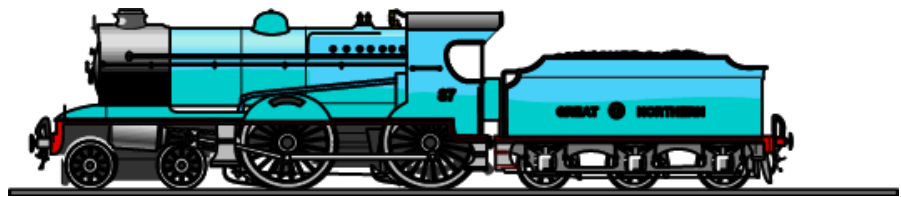

Human Geographical Features	
Housing	
Transport	
Tourism	
Architecture	

What did you find out about housing in Italy?

Is it similar or different to England?

What did you find out about transport in Italy?

Is it similar or different to England?

What did you find out about
tourism in Italy?

Is it similar or different
to England?
